Arrests

Drink & Drug Tests

Arrests

Drink & Drug Tests

Arrests

* Calculated figure for 32 days

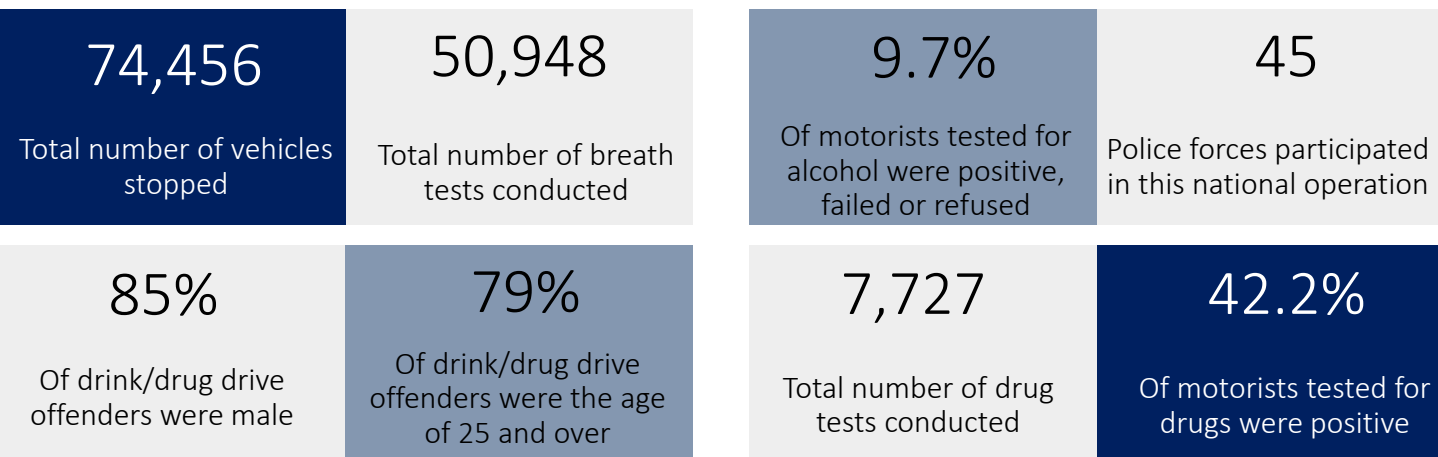

Important Note: The 'charged' figure reflects dual charging, encompassing offences related to both alcohol and drugs. NRPOII began requesting forces to provide this specific data in 2022. Given that 2022 marked the inaugural year of this data collection effort, several forces did not record this dataset, leading to the relatively low figure reported.
