

Mode	Safer Travel Improvements
<p>Metrolink</p>	<ul style="list-style-type: none"> Enhanced cleaning regime with anti-viral products Increasing tram frequencies and running mostly double services to meet demand and exceeding pre-covid service levels on some lines Trams and stops fitted with floor markings and posters to encourage social distancing, and audio updates being broadcast Trams are also being fitted with seat covers to show where people can sit, some seats are being removed from around driver cabs to maintain staff safety New ticketing product for people working more flexibly and travelling less often Staff on all of the busier stops to advise on social distancing Key customer information and advice relayed on posters, PAs, PIDs
<p>Rail</p>	<ul style="list-style-type: none"> Robust cleaning plans in place on-board trains and at stations To keep passengers socially distanced a range of measures are being used including markers on the floor, posters, and audio messages Some seats cordoned off to help guide customers to socially distance Operators are providing clear customer advice in stations and on trains At some key stations, including Manchester Piccadilly, one-way systems are in place to ensure steady and controlled access and there are also face covering vending machines available
<p>Bus</p>	<ul style="list-style-type: none"> Rigorous cleaning regimes in place on buses and in depots Social distancing has been implemented with capacity restrictions in place across buses, including 'Bus Full' messaging; one operator using capacity apps and operators are advising customers to keep 2m apart at bus stops Contactless and mobile payments encouraged Installing hand sanitiser dispensers at key locations Posters up at stations and stops encouraging wearing face coverings; social distancing; hygiene and contactless payment/exact change only
<p>Active Travel</p>	<ul style="list-style-type: none"> Under the Safe Streets Save Lives campaign, Greater Manchester's local authorities are implementing measures to provide safe space to enable more people to make journeys on foot or by bike – to ease pressure on public transport and provide options for those who don't have access to a car This includes delivery of up to 200km of emergency active travel protected routes, traffic calming measures and increasing access to bikes – subject to confirmation of a £21.5m DfT funding bid An expansion of GM's bike loan scheme and relaunching of cycle training to provide people with the confidence and skills to commute by bike
<p>Interchanges</p>	<ul style="list-style-type: none"> Closed all but two Travelshops during lockdown Enhanced cleaning regime, including the use of anti-viral cleaning products Closed off seating at interchanges and bus stations to ensure no two seats are within 2 metres of the other Marked out two metre spaces at boarding points at interchanges and bus stations. Posters up at stations and stops encouraging wearing face coverings; social distancing; hygiene and contactless payment/exact change only

Joining together to reopen safely #SafeGM
