## Luxury Food and Drink at sea

### DINING ONBOARD

Spirit of Adventure has a fantastic choice of restaurants for breakfast, lunch, dinner and snacks throughout the day. In total, she has five restaurants, including three free-to-dine speciality restaurants. While onboard, all food and drink, including alcoholic beverages, are complimentary.

The Dining Room is Spirit of Adventure's main restaurant, offering breakfast, lunch and dinner. It boasts the very finest in both British and International cuisine from a team of expert chefs, often using freshly sourced local ingredients from the ports visited throughout a cruise. The Grill offers a more relaxed and social dining experience. Indulge in the same dinner menu as The Dining Room on formal evenings, or visit for a sumptuous buffet breakfast and bespoke lunchtime menu.

The Dining Room and The Grill, which also offers alfresco dining on the adjoining Verandah, offer single seat dining so guests can arrive at any time and can keep their table for the duration of the evening. The Verandah offers the same dining choices with beautiful views across the ocean. And, in good weather, it's the place to enjoy barbecues out on deck.

Khukuri House is the first ever Nepalese restaurant at sea! Inspired by the Ghurka heritage in Saga's hometown of Folkestone, Khukuri House features dishes with a combination of flavours and cooking styles from Nepal. Guests can enjoy delicacies from our very own onboard tandoor oven.

Amalfi is our Italian speciality restaurant, offering delicious Mediterranean dishes. The menu is supplemented with locally sourced fish and meats purchased in port that day, each given an Italian twist.

Finally, our Supper Club offers cabaret style evening entertainment that guests can enjoy while dining. It is one of four bars on board Spirit of Adventure, offering a mix of international dining, entertainment and dancing. The Supper Club aims to offer an intimate and exciting jazz club with its own ambience.

## MERLOT, MOJITOS AND MACCHIATOS

Guests can choose to enjoy inclusive drinks, whether that's a coffee, cocktail or glass of wine, at any time of the day in the variety of bars on board Spirit of Adventure. The signature Britannia Lounge offers impressive views with panoramic windows overlooking the front of the ship. During the day the Britannia Lounge is where we host specialist talks from guest speakers while in the evening, it is the place to go for dancing and live performances.

At the centre of the ship is the Living Room. This is a great place to grab a coffee or relax with a pre or post-dinner cocktail. A variety of snacks are served throughout the day, including homemade cakes and pastries, while guests can also enjoy the ice cream parlour.

Spirit of Adventure's main bar, The North Cape Bar, spans the width of the ship with windows that look out onto the wraparound promenade. Guests can choose from a carefully selected list of wines, craft beers and spirits while enjoying the ambience the bar offers.

On average, each guest that joins us on our cruises enjoy  $\frac{3}{4}$  of a bottle of wine per day which means it is important for us to have the help they need to choose one that they love. Our onboard sommelier will help our guests find the perfect wine pairing for their meal, with a selection of six red, six white and a rose available onboard.

## BEHIND THE KITCHEN DOORS

It is no mean feat feeding 999 guests for weeks at a time. It takes an immense amount of preparation from a team of 89 chefs who are brilliantly supported by a 28 strong clearing brigade. To give a sense of the scale of the culinary operation onboard Adventure, each day we allow for the use of up to 12,000 eggs and 600 kilos of flour for guests and crew.

We have processes in place so that any surplus food does not go to waste. The food not used for guests will be eaten by the crew wherever possible but if we still have some left, we have relationships with a number of charities so that we can donate to those in need when calling at ports.

Pre-departure, we speak to each guest to understand their dietary requirements and ensure we provide the best possible experience onboard. Many of these conversations are by phone, especially when more complex requirements are involved. Nothing is left to chance to ensure the best – and safest – time dining at sea.

Spirit of Adventure's chefs are also trained to cater to a vast array of requirements, whether that's vegan, gluten or dairy free.
