

Drink and Drug Headline Statistics

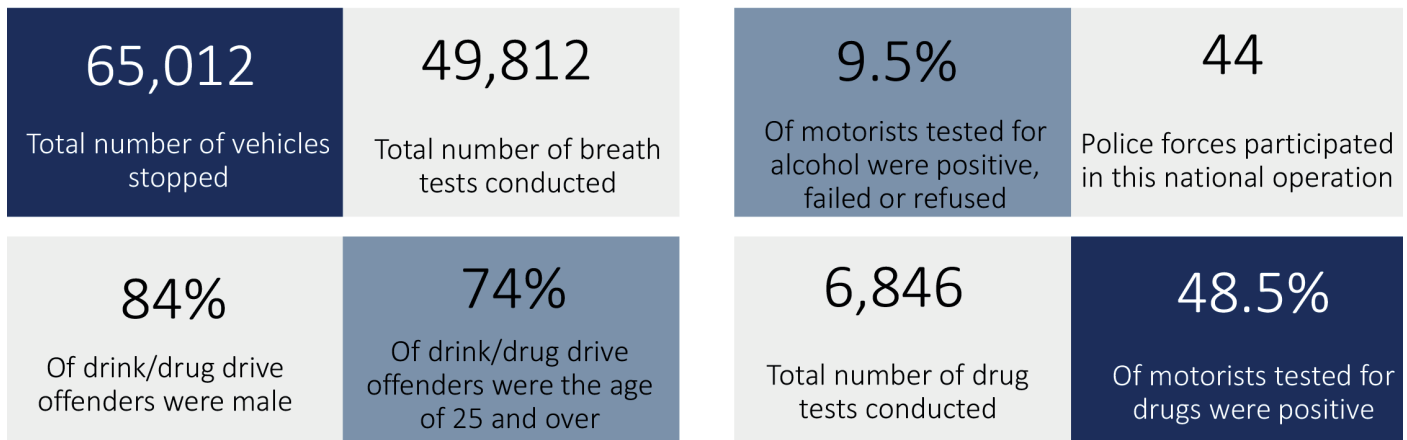

Important Note: The 'charged' figure reflects dual charging, encompassing offences related to both alcohol and drugs. NRPOII began requesting forces to provide this specific data in 2022. Given that 2022 marked the inaugural year of this data collection effort, several forces did not record this dataset, leading to the relatively low figure reported.

OPERATION LIMIT 2

Headline Figures

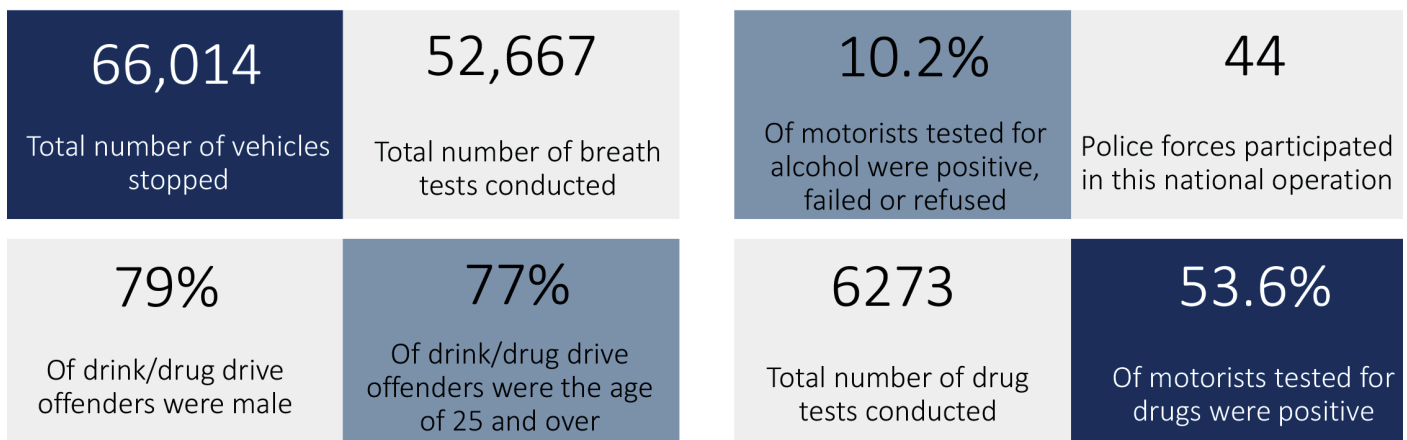

Headline figures for the Winter 2023 Drink/Drug Enforcement Operation

Enforcement Figures

The below headline figures are for the Winter 2022 Drink/Drug Enforcement Operation. Please do not make Like for like (LFL) comparison as variable factors should be considered.

Enforcement Figures
